SÃO JOÃO
HOSPITAL

PROGRAMME

7 APRIL 2017

19h00	Registration
20h00-21h00	Welcome Dinner
21h00-23h00	INTRODUCTION AND WELCOME WORDS Chairman: Davide Carvalho CURSO DE INSULINOTERAPIA FUNCIONAL <i>patrocinado por Sanofi</i> Presidente: Helena Cardoso Palestrantes: Celestino Neves, César Esteves

8 APRIL 2017

08h00	Registration
08h30-10h45	RISK-BASED MANAGEMENT OF THYROID CANCER Chairman: Paula Soares, Fernando Rodrigues Moderators: Elisabete Rodrigues, João Capela
08h30-08h50	Is it useful to study the sodium iodide symporter expression in thyroid primary tumours? Catarina Tavares

7-8APRIL2017

CONGRESS CENTRE OF
PORTO PALÁCIO HOTEL

08h50-09h40

DEBATE

**Low-risk thyroid cancer –
Shift from surgery to active
surveillance?**

08h50-09h10

Pro Valeriano Leite

09h10-09h30

Against Matos Lima

09h30-09h40

Discussion

09h40-10h15

**Management of radioactive
iodine-refractory thyroid
carcinoma**

Sophie Leboulleux

sponsored by Bayer

10h15-10h45

Discussion

Jorge Portugal, Jorge Pereira,
Luis Raposo, Luis Sá Vinhas

10h45-11h15

Coffee break and
poster discussion

11h15-13h30

NEW TOOLS TO MANAGE DIABETES

Chairmen: Daniel Carvalho Braga,
Francisco Carrilho

Moderators: Isabel Torres,
João Filipe Raposo

11h15-11h45

**Type 1 diabetes: is it possible to
reduce the hypoglycaemia
time?**

Jan Bolinder

sponsored by Abbott

The logo consists of the Roman numeral 'VII' in a bold, blue, sans-serif font, centered within a white hexagonal shape. This hexagon is partially overlapped by several other hexagons in shades of blue, pink, and green, creating a layered, geometric effect.

ADVANCED
COURSE OF
ENDOCRINOLOGY

11h45-12h15

New long-acting insulins

Mireille Bonnemaire

sponsored by Sanofi

12h15-12h45

GLP-1 receptor agonists: what's new and what's to show around the corner

Juris Meier

sponsored by Servier

12h45-13h10

DIAFORA: a new Diabetic Foot Risk Assessment Tool

Matilde Soares

13h10-13h30

Discussion

Manuela Carnevalheiro,
Silvestre Abreu, Paula Freitas,
Eva Lau

13h30-15h00

Lunch

15h00-18h00

PITUITARY DISORDERS

Chairmen: Leonor Gomes,
Fernando Fonseca

Moderators: Mário Mascarenhas,
Isabel Paiva

15h00-16h00

Acromegaly management: a personalized therapeutic decision-making process

Sebastian Neggens

sponsored by Novartis

7-8APRIL2017

CONGRESS CENTRE OF
PORTO PALÁCIO HOTEL

16h00-16h30

Discussion

Josué Pereira, Olinda Marques,
Ana Paula Marques

16h30-17h00

Coffee break and
poster discussion

17h00-17h30

**Do we need a new tool to
evaluate the medical
management of pituitary
tumours?**

Davide Carvalho

17h30-17h45

Discussion

Daniela Seixas, Fátima Borges,
Ana Agapito

17h45-18h15

**Hypogonadotropic
Hypogonadism: insight from
a genetic perspective**

Manuel Lemos

18h15-18h30

Discussion

Margarida Bastos,
Carlos Vasconcelos,
José Luís Castedo

18h30

**Closing and Awards
Ceremony**

VII

ADVANCED
COURSE OF
ENDOCRINOLOGY

POSTERS

MANUEL PINHEIRO HARGREAVES PRIZE

MORNING

Monitor 1:

- P01 Fatores de risco cardiovascular em pacientes com tiroidite autoimune
- P02 Evaluation of interrelationships between thyroid function, autoimmunity, insulin resistance and lipid profile in Graves' disease
- P03 Iodine intake and thyroid function in the pregnancy
- P04 Hyperthyroidism and fracture risk- systematic review and meta-analysis

AFTERNOON

Monitor 1:

- P05 Immune response to vitamin A in B16-F10 malignant melanocytes under obesity conditions
- P06 Metabolic syndrome impairs lymph/angiogenesis and incretin system in the gastrointestinal tract of mice
- P07 Functional Insulin Therapy in Multiple Daily Injections and Continuous Subcutaneous Insulin Infusion
- P08 Radioterapia do leito tumoral no carcinoma da suprarrenal: caso clínico

Monitor 2:

- P09 Cushing syndrome and pregnancy: a systematic review including 3 new cases.
- P10 Pregnancy and Tumor Outcomes in Women with Prolactinoma
- P11 Pseudohypoparatiroidism type 1B - case report
- P12 Prolactinoma Management: Predictors of remission and recurrence after dopamine agonists withdrawal

LUÍS MARQUES PRIZE

MORNING

Monitor 2:

- P13 Metástase cerebral de carcinoma papilar da tiróide, 31 anos depois.
- P14 Thyrotropin Receptor Stimulating and Blocking Autoantibodies: Switching from Hyperthyroidism to Hypothyroidism – a Case-report
- P15 Carcinoma da tiróide em struma ovarii. A propósito de dois casos clínicos
- P16 Iliac metastasis as a rare presenting form of Papillary Thyroid Carcinoma

Monitor 3:

- P17 Intensive blood pressure treatment in patients with impaired fasting glucose - a secondary analysis of the SPRINT trial
- P18 Metabolically Healthy Obesity – An Emerging Phenotype
- P19 Novel insights on the relationship between Sex Hormone-Binding Globulin and Insulin Resistance
- P20 Catecholamine-induced severe transient cardiomyopathy in a patient with pheochromocytoma
- P25 Association between estimated average glucose and fasting plasma glucose in outpatient population from Centro Hospitalar São João

AFTERNOON

Monitor 3:

- P21 Provável diabetes insípida mascarada por défice de glucocorticóides: relato de um caso clínico
- P22 Endocrinopatias associadas a anemia de Diamond-Blackfan – a propósito de um caso clínico
- P23 Dehydroepiandrosterone Supplementation – Is There a Role in Women With Poor Response to Controlled Ovarian Stimulation?
- P24 Pituitary Lesion in Breast Cancer – A Case Report
- P26 Pregnancy in women with type 1 diabetes mellitus in a tertiary Portuguese hospital
